

## Program Mission

To strive for providing a rigorous learning experience in governance and public policy that cultivates informed, ethical, and innovative decision-makers. This program aims to provide our graduates with the knowledge, skills, and values necessary to navigate and shape the ever-evolving challenges facing different sectors of our society, with a focus on interdisciplinary collaboration, critical thinking, and ethical leadership.

## Program Goals

1. Equip graduates with a comprehensive understanding of theoretical frameworks, concepts, and methodologies relevant to governance and public policy analysis.
2. Promote innovation and creativity in policy design, implementation, and evaluation to adapt to dynamic social, economical, and environmental demands.
3. Enrich multidisciplinary functionality by integrating perspectives from political science, economics, sociology, law, and other relevant fields to address complex societal challenges.
4. Enhance professional development through self-learning and advanced post graduate studies.
5. Uphold ethical qualities and a commitment to integrity, transparency, and accountability in public service and governance roles.

## Expected Career Opportunities for Graduates

For example:

- Public Strategic planning manager.
- Quality insurance manager.
- Organizational policies manager.
- Administrative development officer.
- Organizational development officer.
- Change management officer.
- Performance analysis manager.
- Human resources manager.

And more.
